

VOCÊ

SABÍA...?

APRENDIÊNCIAS nos negócios de construção oferecem vias de carreira para **BONS TRABALHOS** e HABILIDADES DEMANDADAS!

As aprendizagens são tipicamente de 2 a 5 anos e permitem aos indivíduos a oportunidade de **GANHAR QUANDO APRENDEM!** Depois de completar um aprendizado, o trabalhador da união médio qualificado ganha \$40,000 - \$80,000 por ano! Os negócios de construção de união local estão ativamente procurando **MULHERES, INDIVÍDUOS DE COR E VETERANOS** interessados!

As sessões de informação serão:

Quarta-feira, 20 de setembro de 2017 às 5:30 da tarde no Stone Soup Community Center, 4 King St., Worcester.

Terça-feira, 3 de outubro, às 10:00 da manhã, na sala Saxe da Biblioteca Pública de Worcester, 3 Salem Sq. Worcester.

Chegue NA HORA. As chegadas tardias não receberão entrada.

Por favor, RSVP para Kelsey Lamoureux em (508) 373-7641 ou LamoureuxK@worcesterma.gov Para obter detalhes sobre sessões de informação adicionais, visite www.worcesterroots.org/trades ou ligue para Matheus (fala português) com perguntas: 508-335-7783

FREQUENTLY ASKED QUESTIONS

What is an apprenticeship? Apprenticeships allow you to **earn while you learn**. First-year union apprentices earn approximately the same amount most college students pay for a year's tuition! Once you become an apprentice, you work and attend classroom training. With more than 23 trades to choose from, and 32 apprenticeship programs across Massachusetts, there is sure to be one that interests you.

Which building trades have apprenticeships? Building trades with apprenticeship programs include boilermakers, bricklayers, carpenters, commercial drivers, electrical workers, elevator constructors, insulators, iron workers, laborers, millwrights, operating engineers, painters, plasterers and cement masons, plumbers and sprinklerfitters, roofers, sheet metal workers, and many more! For more information about each trade and their respective apprenticeship application process, please visit

<http://massbuildingtrades.org/directory-apprenticeship-programs>

What are the eligibility requirements for apprenticeship? Each apprenticeship has slightly different criteria for applicants, but programs require applicants to be 18 years of age or older, have a high school diploma or equivalent, have reliable transportation, be physically able to work in construction, be authorized to work in the U.S., and consent to Drug Testing. Some trades require passing scores on math and reading entrance exams as well. Preference is given to veteran and female applicants.

I have never worked in construction, should I apply? Yes! Applying and getting more information about the trade and apprenticeship you are interested in is a great place to start. While preference is given to individuals with experience in the building trades, many trades are willing to bring in new individuals who are passionate about starting a new career even if they have little to no experience, especially for female applicants.

How can I improve my chances of getting into an apprenticeship? Gaining experience or training in the construction industry is a great way to strengthen your application. Completing a free pre-apprenticeship program is also a great way to explore the building trades.

What is a pre-apprenticeship? There are several local pre-apprenticeship programs designed to give you the foundational skills and knowledge necessary to understand the construction industry. This training will allow you to enhance your application for building trades apprenticeships. **If you are interested in learning more about the Worcester Building Pathways Pre-Apprenticeship Training program, please contact Kelsey Lamoureux at (508)373-7641 or Lamoureuxk@worcesterma.gov**
